

MAIN FEES AND COMMISSIONS APPLICABLE AS OF SEPTEMBER 1st 2026

BNP PARIBAS
WEALTH MANAGEMENT

The bank
for a changing
world

Preamble

Main fees and commissions, applicable as of September 1st 2026.

This booklet covers the pricing of our main products and services offered by BNP Paribas Wealth Management in Luxembourg¹. For any additional information, do not hesitate to contact your Private Banker.

Pricing changes compared to the January 1st 2026 edition are highlighted in red.

Remarks

- This booklet covers the main products and services on offer as of September 1st 2026. Fees and commissions for products and services not described in this schedule, including those that are no longer offered but which a Client may still hold, are available upon request from the Bank.
- BNP Paribas Wealth Management in Luxembourg reserves the right to charge at its real cost any operation that has generated a specific cost beyond the services presented in this brochure.
- Banking transactions are carried out within a certain number of value days, expressed as a number of business days in Luxembourg from the execution date (D).
- Since 1st January 2018, BNP Paribas Wealth Management in Luxembourg reimburses the Client² for any distribution fees collected from managers of the UCIs which are held on the Client's account, up to the net amount received by the Bank, with said distribution fee corresponding to a part of the entry fees and management fees collected from the Clients by the UCI managers.
- Unless otherwise agreed, BNP Paribas Wealth Management in Luxembourg reserves the right to change its fees and commissions at any time. The Clients of BNP Paribas Wealth Management in Luxembourg will be informed of any changes ahead of time, and this booklete will be adjusted accordingly and made available to them.
- For a full description of the products and services offered by BNP Paribas Wealth Management in Luxembourg, please refer to the appropriate brochures, mandates and agreements, which are available on demand.

The rates in this booklet are indicated excluding VAT and are expressed in EUR or equivalent

They are subject to Value Added Tax (VAT) in line with the legislation in place.

Clients residing outside the European Union (EU) are not subject to VAT. In the event of change of residence, please contact your Private Banker who will inform you of your future status.

1 The products and services are intended for BNP Paribas Wealth Management Clients and BGL BNP Paribas Banque Privée Clients in Luxembourg (excluding Clients of External Wealth Management).

2 Not applicable for the Execution Service and Private Equity investment funds.

Pricing Structure

Your pricing structure is essentially composed of three components:

- **Services and Administration:** combines the services providing you, on the one hand, an individualised support and customer experience (Wealth Management Service) and, on the other hand, the custody and surveillance of securities, which ensures you a permanent monitoring of your assets within our Bank (Safekeeping).
- **Investment Services:** the second pillar corresponds to the offer to which you have subscribed: Discretionary Portfolio Management or Advisory Service.
- **Transactional Management:** covers all the operations necessary for the proper execution of your transactions and operations.

Pricing per Wealth Bands

The concept of wealth bands¹ is intended to provide predictability and transparency on our pricing principles.

Based on 8 wealth bands (see table below), we provide you with the reference pricing level for an equivalent amount of assets. Your pricing is then defined according to your specific needs with your Private Banker.

The rate granted applies to the totality of your assets and remains fixed until its next revision², which will usually follow a structural change in your assets or services.

Wealth Bands	EUR < 1 M	EUR 1 - 2.5 M	EUR 2.5 - 5 M	EUR 5 - 10 M	EUR 10 - 25 M	EUR 25 - 50 M	EUR 50 - 100 M	EUR > 100 M
--------------	--------------	------------------	------------------	-----------------	------------------	------------------	-------------------	----------------

¹ The term "wealth" refers to all of your financial assets held in an account with BNP Paribas Wealth Management in Luxembourg, in the form of securities and liquid assets.

² In the event of a change of rate, any revised pricing can not be applied retroactively.

Services and Administration

The Wealth Management Service and Safekeeping are a range of services at your disposal, regardless of your choice of investment solution.

Wealth Management Service

■ A TEAM OF EXPERTS

To support you in the management of your assets, a team of multidisciplinary specialists will advise you and help you to develop your wealth. In addition, through your Private Banker, you benefit from an access to the Group's expertise, particularly in terms of corporate finance and asset management.

■ RESPONSIBLE INVESTMENT

Dedicated support with a team of sustainable finance specialists who will guide you through a wide range of solutions enabling you to integrate a socially responsible dimension into your investment strategy.

■ ACCESS TO PRIVATE EQUITY

Benefit from our team of Private Equity & Private Real Estate experts¹ and have access to a wide range of exclusive investment opportunities in Private Equity funds sourced from world-class managers.

■ FINANCING EXPERTISE

A team of specialists at your service to meet your financing needs. Thanks to a wide range of financing formulas (multi-currency Lombard loans, mortgage loans or structured loans), you have access to tailor-made solutions to carry out your projects or add leverage into your investment portfolios.

■ WEALTH PLANNING

In complement to your legal and tax advisors, our experts will assist you in analysing your objectives and constraints. They provide you with their expertise in terms of wealth organisation, regulatory changes and their impacts, but also in terms of matrimonial regimes, donations and inheritance in an international context².

■ WEALTH MANAGEMENT CLIENT PRIVILEGES

Participate in events, webinars or podcasts featuring our analysis of the financial markets, our investment strategy, or other cultural, social or sporting events.

■ STRATEGIC-A

Discover **Strategic-A**³, a tailor-made analysis solution for strategic asset allocation in order to optimise the allocation of your assets.

■ MYWEALTH

Follow the performance of your portfolio at any time on your **myWealth application**⁴ and benefit from its secure messaging service, place your stock market orders and execute your international transfers from your mobile phone.

■ CONSOLIDATION TOOL

Our **Wealth Aggregator Tool** gives you a clear and concise view of your entire financial and non-financial assets accessible at any time in your **myWealth** application.

■ A TAILOR-MADE CREDIT CARD

A credit card perfectly adapted to your needs (Concierge Service, Home Emergency, Insurance, ...). Choose from several card categories the one that best suits your needs. Two cards⁵ of your choice are included in the Wealth Management Service.

■ TAX REPORT

We provide you the necessary documents to help you with your tax returns, taking into account your situation and the tax specifics of your country of residence⁶.

1 Offer subject to eligibility criteria.

2 The Wealth Planning Service is reserved for Clients with more than EUR 5,000,000 of assets under management within BNP Paribas Wealth Management in Luxembourg.

3 The Strategic-A service is only available to Clients with more than EUR 5,000,000 of assets under management within BNP Paribas Wealth Management in Luxembourg.

4 Clients of BGL BNP Paribas Banque Privée au Luxembourg will have access to the Web Banking application.

5 Choice of payment cards which are subject to eligibility criteria.

6 The countries concerned are: Luxembourg (in FR), the Netherlands (in NL), France (in FR), Belgium (in FR and NL), Germany (in DE), Spain (in ES) and Italy (in IT). Generic tax report for all legal entities and Clients who are not resident in one of the countries listed.

Safekeeping

Complementary Information

Administration Fee

(Applicable for *My Mandate Discretionary Portfolio Management* and *My Advisory Advisory Services*).

The Administration Fee is expressed as an annual percentage. It is calculated and payable quarterly. It corresponds to a percentage of the total value of all assets in the account on the last day of the previous calendar quarter. It is payable in advance at the beginning of the period and is due for any incomplete period.

The Administration Fee is subject to VAT, which applies from the date it is charged in accordance with current rates.

The Administration Fee covers the services described on pages 5 and 6 of this document, supplemented by the following information:

- asset custody, supervision and monitoring (including collection of income, dividends, coupons, annuities and, where applicable, capital)
- the definition, monitoring and review of the investor profile in accordance with the regulatory obligations in force;
- simulation and verification before each transaction to ensure it matches the defined risk profile and portfolio structure;
- simulation of costs and impact on performance before each transaction
- systematic access and recommendation of investment fund units with the lowest management. In this context, BNP Paribas Wealth Management will reimburse the Client for any distribution fees collected from managers of the UCIs which are held on the Client's account, up to the net amount received by the Bank, with said distribution fee corresponding to a part of the entry fees and management fees collected from the Clients by the UCI managers;
- an annual summary of the total costs and charges relating to transactions, management and administration of the portfolio;
- postal mail charges;
- the digital service *myWealth*, accessible via web and mobile (iOS and Android);
- "OptiFlex" current account(s) 'Private Invest' and 'Call Account 100' investment account(s) and multi currency accounts;
- direct access to financial information, publications and analyses offered by Wealth Management;
- access to the other expertise offered by Wealth Management in the following areas: wealth and financial planning, financing, insurance, real estate, philanthropy.

Advisory Fee

(Applicable for *My Advisory - Advisory Services*)

The Advisory Fee is expressed as an annual percentage. It is calculated and payable quarterly. It corresponds to a percentage of the total value of all assets in the account on the last day of the previous calendar quarter. It is payable in advance at the beginning of the period and is due for any incomplete period.

The Advisory Fee does not include securities transaction costs.

The Advisory Fee is subject to VAT, which applies from the date it is charged in accordance with current rates

The Advisory Fee covers the following services:

- execution of the advisory task in accordance with the investment policy determined by the Bank (this advice focuses on all financial instruments and asset classes);
- selection and monitoring of the investment fund universe (monitoring companies and management teams, individual managers, consistency and preservation of the management style and performance) by a dedicated team of analysts;
- the close dedicated and regular contact with your advisor, at agreed intervals and in accordance with the contractual terms according to *My Advisory*- advisory service (*My Advisory ESSENTIAL* or *My Advisory PARTNER*);
- a needs analysis and the formulation of an investment proposal geared to your investor profile.

Discretionary Portfolio Management Fee

(Applicable for *My Mandate - Discretionary Portfolio Management*)

The discretionary management fee is expressed as an annual percentage. It is calculated and payable quarterly.

It corresponds to a percentage of the total value of all assets in the account on the last day of the previous calendar quarter. It is payable in advance at the beginning of the period and is due for any incomplete period.

With the "All-In" and "All-In Performance" pricing options, the discretionary management fee includes securities transaction costs¹.

The Discretionary Portfolio Management Fee are subject to Value Added Tax (VAT) in line with the legislation in place.

La Discretionary Portfolio Management Fee couvre les services suivants :

- the execution of discretionary management services in accordance with the investment policy determined by the Bank;
- selection and monitoring of the investment fund universe (monitoring companies and management teams, individual managers, consistency and preservation of the management style and performance) by a dedicated team of analysts;
- a close relationship and regular meetings with a Private Banker;
- a needs analysis and the formulation of an investment proposal geared to your investor profile.

Performance Bonus

(Applicable for *My Mandate - Discretionary Portfolio Management*)

Definition

At the end of the calendar year, if the assets under Discretionary Management have recorded positive growth (capital + income) (so called "performance"), the Client will owe the Bank an annual performance premium based on its Discretionary Management performance for the previous year. The premium is due on the first of January of the following year.

It is calculated in the reference currency of the mandate and is relative to the positive performance of the assets.

The change in the financial value of the portfolio will be adjusted to take account of any external flows, contributions or withdrawals of funds over the course of the year. In the event of a negative or zero performance by the assets relative to the situation at the beginning of the period, no performance premium will be charged in the event that all assets are withdrawn from the Discretionary Management account, and particularly if the account is closed or the mandate is terminated during the course of the year, a performance premium will be due and calculated based on the performance of the assets at that date.

In the year when the mandate is signed, the reference period for calculating the performance premium will begin on the mandate's signature date and will end at the end of the calendar year.

In the case of mandates signed after 30 September, no performance premium will be calculated for the current calendar year. However, during that same period, the pricing terms applied will be those applied to a "Standard" Discretionary Management mandate, notably as regards the terms applicable to the buying and selling of financial instruments.

The performance bonus is a percentage of the total performance for the period.

The performance bonus is subject to VAT, which applies from the date it is charged in accordance with current rates.

Calculation methods of the performance

The rule used by the Bank to calculate portfolio performance is a method that takes account of fund contributions to / withdrawals from the discretionary management account by the Client, allowing them to be neutralised for the calculation of management performance (changes in the capital and/or income of the assets).

The reference period is split into monthly sub-periods.

Performance will be calculated for each sub-period. That performance corresponds, for each sub-period, to the final value of managed assets, taking account of changes in capital and income generated, less the starting value of managed assets, divided by the starting value of managed assets. The performance of the Discretionary Management of the assets over the reference period is determined by geometrically linking all the performances calculated in this manner.

Portfolio performance is thus calculated net of commissions and charges billed as part of executing the mandate during the reference period.

¹ Excluding structured products, forex operations & scriptural market, and semi-liquid funds (Evergreen).

Custody and Administration Fee

(Applicable for the Execution Service)

The Custody and Administration Fee is expressed as an annual percentage. It is calculated and payable on a quarterly basis. It corresponds to a percentage of the total value of all assets in the account on the last day of the previous calendar quarter.

The Custody and Administration Fee does not cover the transaction costs on securities. It is payable in advance at the start of the period and is due for any period already commenced

The Custody and Administration fee is subject to the VAT applicable on the day of its collection according to the rates in force.

La Commission de Conservation et d'Exécution couvre la Commission de Gestion Administrative.

The Custody and Administration fee covers the following services:

- investor profile definition and monitoring in accordance with current regulatory requirements;
- general financial information, excluding personalised advice;
- postal charges;
- asset custody, supervision and monitoring (including collection of income, dividends, coupons, annuities and, where applicable, capital);
- the digital service *myWealth*, accessible via web and mobile (iOS and Android);
